THE PERFECT WAY.

Scores of Astoria Citizens Have Learned It.

If you suffer from backache. There is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Mrs. J. W. Painter, of 310 East Seventh street, Portland, Ore., says: "I have not lost any of my faith in Doan's Kidney Pills since I publicly recommended the remedy in February, 1903. As I started at that time, a severe spell of sickness early in my life left me with kidneys, and as time went on I suffered more and more with spells of backache. The pain through the kidneys was torture, and often a could not find a comfortable position to lie in. When able to be up and around I was troubled with headaches and dizziness and could not stoop or lift anything. I doctored and used various treatments but nothing seemed to help me any until I began using Doan's Kidney Pills. The use of this remedy was very satisfactory. It gave me so much relief that I cannot hesitate to recommend it, and will put in a good word for Doan's Kidney Pills whenever I find an opportunity."

Plenty more proof like this from Astoria people. Call at Charles Rogers' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NEWS OF OREGON AND THE NORTHWEST.

BALLARD GIRL GONE.

SEATTLE, August 1.—Ethel Skinner, of Ballard, 16 years old, has been missing from home since Sunday, when she started to Sunday school. It is believed that she went with her half-brother, Walter Woods, a widower 35 years old. Mrs. Skinner has told her husband of threats that were made by Woods. At times Woods would not permit Ethel to speak to any man but himself. Again he would command her to leave home or he would kill her. Woods is said to have paid a visit to Portland last week, and it is thought he may have sent the girl there.

SUBJECT TO TAXATION.

BUTTE, Mont., August 1.—Resident stockholders of mining stocks are subject to taxation on that stock. This is the opinion handed down by Attorney-General A. J. Galen, in response to a query from W. D. Clark, chairman of the Board of County Commissioners of Silver Bow County. At the present, according to the Commissioners, about \$10,000,000 worth of Amalgamated Copper and other mining stocks held by residents of Butte is escaping taxation, and it was the desire of the Commissioners to ascertain whether or not under the Montana statutes stock of a foreign corporation whose property was located in the state could be added. The decision is of great importance.

DIES OF HEART DISEASE.

SUMPTER, Ore., August 1.—Mr. Pope, a nephew of Major Frank Glisan, died suddenly this morning at the home of his uncle, at Hanover, six miles north of this city, of heart failure. He came here a few days ago from Kansas City for the purpose of assisting Major Glisan in closing up his business affairs. He leaves a widow and family in Missouri. The body will be shipped to the family home tomorrow.

THRESHING MACHINE BURNED.

SILVERTON, Ore., August 1.—J. Moulet's threshing machine was destroyed by fire last evening a few miles from this city while being drawn behind the engine to a farmhouse, where he expected to commence the season's work the next morning.

SWEPT BY FOREST FIRE.

BOZEMAN, Mont., August 1.—A disastrous fire has been raging since Saturday in the dense forests of Bear Canyon, destroying much valuable timber. It is close to the cuttings made in the canyon by the Cooper Company, and much of their timber has been threatened. Many men have been hired to go out and fight the flames.

FLOATSAM AND JETSAM.

Employer—You look this morning as if you had been late, very late, getting into bed last night?
Sleepy Clerk—I wasn't, but I would have been.

Employer—How do you mean that you would have been?

Sleepy Clerk—If I hadn't decided not to go to bed at all.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Cholera, Cholera and Diarrhoea Remedy followed by a dose of Castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. Church of Little Falls, Minn., writes: "We have used Chamberlain's Cholera, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by Frank Hart, leading druggist.

REBELS ARE IN CONTROL

(Continued from page 1)

note that a dispatch to an official agency from Helsingfors, announced the arrival of the fleet at Sveaborg and the fact that it opened fire. It does not mention what it opened fire against. Vice-Admiral Birleff has presumably gone to Helsingfors, to assume personal command of the fleet, as it now develops that Grand Duke Alexander Michaelovitch, the Emperor's brother, is not with the fleet as reported previously, but at Gatchina with the Empress Dowager.

Anxiety at Cronstadt.

The utmost anxiety still prevails with regard to the possible uprising at Cronstadt and the general spread of the revolt through the entire naval establishment. A personal visit by the correspondent of the Associated Press to Cronstadt shows that the authorities there have received timely warnings of the events at Sveaborg, and have nipped a possible revolt in the bud. They had the situation well in hand on Tuesday night and quietly placed detachments of infantry at the doors of the marine barracks, and removed the carbines from the racks in the buildings. Yesterday morning the 1500 sailors, composing the seventh equipage, quartered at Cronstadt, whose loyalty has been distrusted, found themselves prisoners.

Loyal Troops Fill Streets

The streets of Cronstadt are swarming with troops of the loyal guard regiments and the newly arrived men from other points, who serve to overawe the disaffected elements.

The commandant at Cronstadt has ordered the confiscation of newspapers from St. Petersburg, to prevent the news of the outbreak at Sveaborg reaching the islanders. This measure was fairly successful. A group of agitators, who went to Cronstadt by the same boat with the correspondent of the Associated Press, and attempted to hold meetings to communicate the news of the Sveaborg happenings, were dispersed and fled before the levelled rifles of the soldiers.

As the correspondent was crossing from Cronstadt to Oranienbaum, he saw the imperial yacht Polstar steam up at the pier below the imperial residence at Peterhof.

CONFER ON RATES.

Important Conference Between Interstate Commission and Railroads.

WASHINGTON, August 1.—An important formal conference between the Interstate Commerce Commission and representatives of the Western Trunk Lines and traffic officials of various southern and southwestern roads took place yesterday in the hearing room of the commission. It related to the construction to be placed by the commission on the recently enacted rate law. Extended statements were made to the commission by several of the railroad officials. The principal speakers were J. C. Stubs of the Southern Pacific; W. B. Biddle of the Chicago, Rock Island & Pacific; J. M. Culp of the Southern Railway, and Darius Miller of the Chicago, Burlington & Quincy.

In brief the railroad officials made three general requests of the commission:

First, that a reasonable extension of time be given them to prepare and publish and file with the commission their new tariff schedules under the law and also a book containing the rates, might be left with each station agent, instead of being posted at the station.

Second, that the requirement of a notice of 30 days in a change of a rate or rates be eliminated, particularly as to import and export traffic. It was pointed out that often these rates had to be changed within a few hours to meet local conditions and that it would be practically impossible to anticipate these changes by even one day, not to mention 30 days.

Third, that the railroads be relieved from the publication of terminal rates at points of destination and allowed to publish them only at the point where the charges originate.

The passenger traffic officials requested the commission not to insist on the filing of new rates at this time as their rates under the new law would be precisely the same for a time at least, as they are now and the present rates are on file with the commission.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—
How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Alice Berryhill.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only.

Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

Dear Mrs. Pinkham:—
"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time.

"Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who to-day are as well and strong as I am from using your Vegetable Compound."

Just as surely as Mrs. Berryhill was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ill.

If you are sick write Mrs. Pinkham for advice. It is free and always helpful.

APPEARANCES

Often a person is sized up by his appearance; by the tone that surrounds him. And more often a business house is sized up by the stationery it uses. A cheap letter head or a poor bill head gives a mighty poor first impression and makes business harder to transact. Good printing costs no more than poor printing. The first impression is half the battle in business. You wouldn't employ a "sloppy" salesman; why put up with "sloppy" stationery, that gives a wrong impression of the importance of your business. Let us do your printing and help you to make that ten strike.
